

ACADEMIC DETAILS

Year	Degree/Certificate	Institute/School, City	CGPA
2018-Present	Information Technology	Army Institute of Technology,	8.5 SGPA
2017	Class XII Board (CBSE)	Kendriya Vidyalaya Nasirabad	82.6 %
2015	Class X Board (CBSE)	Kendriya Vidyalaya Nasirabad	9.0 CGPA

TECHNICAL SKILLS

- Languages: C, C++, HTML, CSS, SQL.
- Technologies: ReactJs.

SKILLS

- Data Structure and Algorithms
- Object Oriented Programming.
- C++
- Database Management System.

Work Experience/Internship

Front End Developer Intern at Blue-bricks.

- Working on website for property management Called Crib4U.
- Made UI of Crib4u website using ReactJs.
- Used Google Map API in Project.

PROJECTS

DIGIHEALTH

- The data in the healthcare system is scattered and stored in the form of physical papers leading to loss of medical history of patients. This data, moreover, cannot be used any further.
- This website is a centralized system where the details of each patient, his medical treatment records, diagnosis, medical reports, etc. will be stored based on Aadhar ID on only one platform.
- My contribution is making the front end of our Web application.
- Framework used for Front End is ReactJs.

EXTRA-CURRICULAR ACTIVITIES

- Participated in Debate and Quiz, in Cultural Aakriti.
- Participated in Cricket events.
- Cycling Expenditure from AIT PUNE to SHIRDI (400 km).

HOBBIES AND INTEREST

- Playing Cricket and Online Multiplayer games.
- Cycling
- Athletics.
